

SCAMP

Recreational day camp for children age 3 – 5

We will transform our spacious early childhood classrooms into summer playrooms for our youngest campers. The inviting environment and small group size enables children to feel safe and secure, free to delve into their own creativity. Children will experience a balance of engaging activities, story time and outdoor games.

Daily routines include dramatic play, science exploration, arts, crafts, and plenty of song and dance. Teacher planning and experience bring a predictable, reassuring structure to the day for children and parents.

A weekly newsletter will inform parents of daily activities, guests and special events.

SCAMP
